

Alberto Eduardo

Technical Project Leader / Technical Project Manager at Atos IT Solutions and Services A/S

Extracto

I'm Eng. Alberto Eduardo, graduated from one of the best Universities in Venezuela (Universidad Simon Bolivar – Sartenejas Venezuela). I got my mention during pre-grade on Information Systems and Artificial Intelligence. I'm currently studying a Master in Senior Management and a Master in Marketing and Commercial Management.

I have 12 years' experience Managing/Developing with specific emphasis on Agile, Traditional PMP (Waterfall) and Lean Startup Methodologies, Web/Mobile Dev, Q/A, Software Architect and Marketing.

During the last years I have been working with: Development and Management using AGILE and PMP methodologies (SCRUM, KANBAN, Lean Startup, Waterfall), web and mobile applications using Phonegap/JQueryMobile, JS, AngularJS, Node Js, Socket.io, Ruby on Rails, PHP, Java and multiplatform Desktop apps programming with Python and C.

In my last position I was working with Internetxia as a Senior Project/Product Manager, Product Owner, Mobile Development Leader and Manager of Process Automation. Their main product were published on: www.internetxia.com (actual xyzdev.co)

In 2014 - 2015 I have been developing my entrepreneur skills with these 3 projects:

- * Real Time Sport Suite. Using Node JS, JSON, Socket.io, Phonegap. Web and mobile platform.

- * Real Time Crypto-coin Suite. Using Php/Curl, Ajax, Phonegap. Web and mobile platform.

- * News Suite for Brasil, España, Venezuela, Colombia and Mexico. Web and mobile platform. Php, js, jquery, AI web bots and python

Check all my apps in Play Store:
